

K-LOVE is an extremely important radio station in my life. I love music in general, but when I am in my car on my way to work or on my way home from work and I hear the positive and inspirational songs that K-LOVE plays, my day is changed. I am a high school teacher, and many days I leave work frustrated with my students or feeling like I don't make a difference. K-LOVE's station has helped me to realize how much God loves me and how important my life is, and that what I am doing is God's work.

My life is touched because of this radio station. Please do not allow the laws to change so that stations like these will be abolished. Society needs this positive and encouraging station.

I am praying that the decisions will be made in whatever way God has planned; only He knows what are the best ways to help people to love and to know Him.
